BRIEF ABSTRACT OF LETTER.

NOTES AND ORDERS.

Routine Notes.

[To be used only for notes, requisitions, etc., not intended for permanent record.]

Six: D. No. 515

The Quarterly "Review" Vital Statistics of District is among the returns to be dealt with in the Statistics Branch as per G.O. No. 15508 58/ G.M. 635-17-1 dated the 17th May 1918.

2 But no return was actually received in the Branch and as a result of the series of reminders issued to the Sanitary Com on the subject, that officer reported in April 1920 that the District Health Officer has no facilities to prepare and review the Return under reference and that the Dy Comm^r Office might attend to the matter "in common with other matters relating to Vital Statistics".

3 Govt have since passed orders on the above mentioned ~~letter~~ letter of the S. C. directing that Dist Health Officers should attend

N.B.—Should routine notes be written on small slips, the notes must be copied, or slips pasted on this form

B. Ramasawmaia, Esq., B.A., B.L.,
Secretary to the Government of Mysore,
Revenue Department, Bangalore.

Reminder

Sir,

In reply to your letter of Statis No. 704 dated the 11th Instant, I have the honor to invite reference to my letter No. P.32 dated the 31st Ultimo, addressed to the Secretary to Government, Revenue Department, forwarding the review of Vital Statistics for the Chitaldrug District for the quarter ending September 1920. The review for the Kadur District since received is herewith submitted.

2. As regards the reviews for quarter ending December 1920, the Taluk monthly mortuary returns for December are due to be received in the Deputy Commissioner's Office only on the 10th February. Allowing time for the compilation of the district return for the month, the preparation of the quarterly statistics and the review at a subsequent meeting of the District Board, the due date for the submission of the statistics to Government may be fixed as the 15th. ^{March} The due dates in respect of the reviews for the other quarters may be similarly fixed.

I have the honor to be,
Sir,
Your most obedient servant.

Enclosure No. one

Forwarding quarterly review
of Vital Statistics for the
Madur district for quarter ending
the 30th September 1920.

V I T A L S T A T I S T I C S .

Review on the Report for the first three quarters
of 1920.

The total number of births in the Kadur District for the three quarters was 1347, 1309, 1280 or 15.96, 15.52 and 15.04 per mille respectively.

The total number of deaths during the same period was 1259, 1371 and 1243 or 15.91, 16.28, 14.60 per mille respectively.

The percentage of deaths due to Fevers, Small pox and plague during the first quarter was 34.23, 23.82, 3.97 respectively. In the second quarter it was 45.17, 21.88, 1.75 respectively. In the third quarter, it was 46.98, 7.85 and 20.8 respectively.

The excess of births over deaths during the first quarter was 88 and during the third quarter was 37, but during the second quarter the deaths were in excess over births by 62.

The infant mortality Rate during the three quarters was 98.73, 140.56 and 84.37 respectively.

Reminders issued
from the San. 7
Section.

With reference to your D.O. No.G. 14842 San. dated
the 29th January 1921, I have the honor to submit herewith
the quarterly memorandum relating to Vital Statistics -
received from the Deputy Commissioner, Chitaldrug District.
The memorandum received from the Kolar District not having
been placed before the District Board, it has been re-
turned for retransmission with the remarks of the Board.
The Deputy Commissioners of Tumkur and Mysore intimate
that the memoranda relating to their Districts will be
forwarded after consideration by the respective District
Boards at their meeting in the latter part of January 1921.
Reminders are being issued for the reviews for the remain-
ing districts.

I have the honor to be,

MEMORANDUM OF REVIEW.

2.1 There were 2064 births during the quarter of which 713 were males and 1351 females. There is not a steady rise in the birth rate. The decrease in the birth rate may be due to defective registration, a large number of births escaped registration - - especially from among the Mohammedan Community.

There were in all 1026 deaths during the quarter of which 164 were from small-pox, 75 from Plague, 33 from Cholera and the rest from other cases. Deaths from small-pox were usually heavy being 100 in the month of July alone.

7.1 All preventive measures against the epidemics of (1) Plague, (2) Cholera, (3) Small-pox were promptly adopted and the further havoc of the epidemics prevented. The total number vaccinated during the quarter nearly doubled that of the previous - - quarter. The general health of the people during the quarter under report in the District was uniformly good.
